# WE HAVE A HANDLE ON YOUR DOORS

HANDLES FOR EVERY DOOR

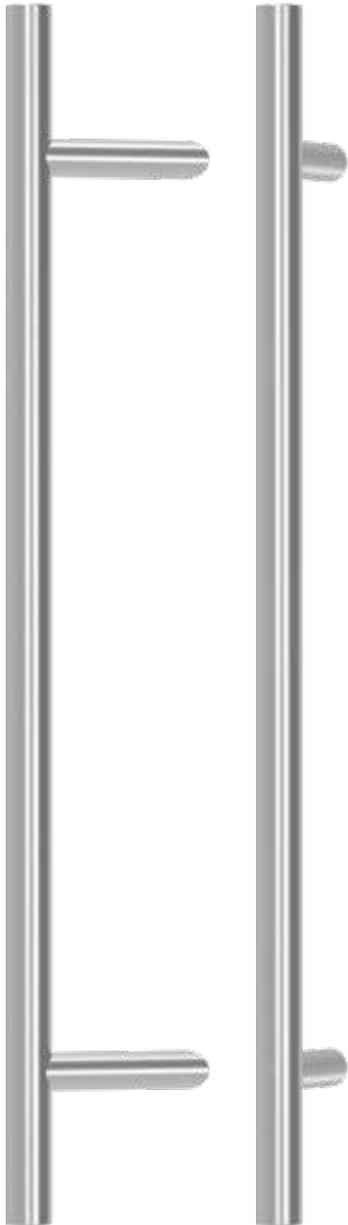

# Handles for every door design

Your door is the hallmark for your home. In addition to material and colour, the handle plays an important role in determining the style as it gives your entranceway a personal touch.

MACO offers a premium range of handles, perfectly matched to market demands, for installation on timber, timber/aluminium, aluminium and PVC-u doors.

# The right handle ...

---

**Suitable for all MACO door lock variants**

---

**Everything from a single source:** As your contact for logistics and technical consultancy, we provide you with products designed for each other, from the door lock to the door hinges to the handle set.

## MULTI-PURPOSE, BEAUTIFUL AND SECURE

Pull bar, lever handles and lever/pad handle sets, security rosettes, pull pads and narrow-width backplates—perfectly matched and ready to be combined with each other making them ideal for all front doors and entrance doors.

MACO provides both high quality solutions made of stainless steel and a cost-efficient product range with narrow-frame sets in the standard surface finish variants of anodised aluminium and traffic white, specially suited for entrance doors.

MACO always thinks about your security too – burglary resistant products suitable for use in door systems with burglary resistance grade RC2 and PAS24 are also available.
