Handles for customised window design

MACO Emotion

For windows, balcony and patio doors

Open, tilt, close: With **MACO Emotion**, we offer coordinating handles that combine functionality, quality and design with superb form. Our window handles are available in various designs, colours and materials, enabling window solutions with a range of key aspects: from elegant and discreet to secure and robust as well as functional and economical – all with a 10-year functional warranty.

Benefits for fabricators

01 Flexible application

Ready for all materials: can be used in timber, uPVC and aluminium windows

02 Wide variety

For custom-tailored solutions: available in multiple material, design and functional versions

03 Systematic compatibility

One handle series for all solutions: coordinates with **all** European window systems

Benefits for consumers

01 Customised design

Because tastes differ: wide variety of shapes, colours and materials for made-to-measure window solutions

02 Additional security

Simple to install: Tresor security window handle with added burglary protection for locking certified security windows

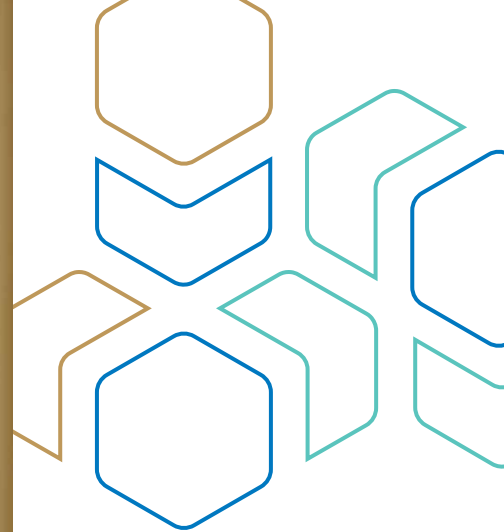

03 Convincing quality

Typical MACO: first-class window handles with a 10-year functional warranty

Our handle options

Rhapsody

Our handle solution in an elegant design also features a luxurious feel and exceptional ergonomics – ideal for adding an accent.

Tresor

With button or key locking: This handle solution offers enhanced burglary protection in accordance with the German industrial standard. The lockable version is also ideal for child-proofing against unwanted opening

Harmony

The timeless design makes this handle solution an all-rounder that blends harmoniously into any architectural style while offering full functionality.

Finger pulls

Various installation heights make these external handles the ideal solution wherever space is limited – such as between a casement door and roller shutter or window shutter.

Unity

Made of high-quality stainless steel for good reason: this handle solution is especially resistant to environmental influences and yet remains easy to clean

TECHNOLOGY IN MOTION

Coordinated solutions for a perfect fit Other system components such as MACO Emotion handles

Weather seals

Energy savings with sound insulation and comfort: **MACO Adapta weather seals** offer all this in a range of materials and designs for custom-tailored solutions.

Window rebate vents

Good for the indoor climate: **MACO Vent** allows ventilation even when windows are closed – without requiring any construction measures.

Thresholds

No chance for condensation to form: **MACO Transit thresholds** insulate effectively, save energy and ensure sustainable building quality.
